

JOB DESCRIPTION

PHYSICS TEACHER

Job title	Physics teacher
Levels	High school and IB
Languages	Bilingual or good knowledge of English and French
Job type	Part-time 41% (approx. 14h) - Permanent contract
Teacher hours	Approximately 7h30 face-to-face per week
Work location	Lab School Paris – Montreuil Campus
Starting date	August 2025
Remuneration	Salary according to our salary scale and experience (approx. €1250)
Experience	Minimum 2 years teaching experience required

Lab School Paris is an innovative, bilingual, community-based, secular school. In 2024-2025, it welcomed 122 students from the 1st to the 11th grade. Its pedagogy is inspired by the contributions of pioneers in educational innovation such as John Dewey, Célestin Freinet, Paulo Freire and Maria Montessori, as well as current research (educational sciences, psychology, sociology, cognitive sciences).

The school is recruiting a bilingual teacher to teach physics in high school and IB classes. Prior experience of 2 years teaching in high school and IB classes is essential.

The teacher will work as part of an international team of French- and English-speaking school and college teachers, a collegial management team, a communications officer and an administrative manager.

MISSIONS

Working closely with other secondary school teachers, as well as with the management team, your main mission will be to help implement the Lab School Paris educational project by teaching physics to high school and IB classes.

SPECIFIC RESPONSIBILITIES

- Offer physics teaching in line with Lab School values
- Participate in interdisciplinary school projects
- Develop a relationship of trust with students; work with them to value their successes and progress on a daily basis, and support them in acquiring autonomy through differentiated teaching methods.
- Interact with parents and Lab School Network researchers
- Participate in seminars and team meetings

PROFILE SOUGHT

- Teacher with good knowledge of International Baccalaureate (IB) programs
- Good knowledge of french or bilingual in English/French
- Taste for teamwork and interest in research
- Creativity, responsiveness, initiative, openness, team spirit
- Experience in the use of digital tools in the classroom
- At least two years' experience in tutoring a group of students (applications from people with only private tutoring experience will not be considered)
- Adherence to and commitment to the values of educational benevolence and the pedagogical project (see the school's website www.labschool.fr).
